

COMPANY OVERVIEW

The Payment Processing Experts

ABOUT US

Organized in 1994, AssureBuy is one of the industry's oldest and most secure providers of **Visa PCI-certified** payment gateway and on-line invoicing services. As a fully outsourced service, AssureBuy allows businesses to quickly and easily integrate complex transaction-based systems without installing or maintaining expensive in-house solutions. AssureBuy's products include a real-time payment gateway, a secure on-line order management system, a web-based administration and maintenance system, an on-line invoice payment service, and a fully integrated credit card processing add-on for Microsoft Dynamics GP accounting software. These services also include risk management and fraud prevention, level II and III transactions, tax and shipping calculations, e-mail messaging and real-time processing of credit cards, debit cards, purchasing cards and electronic checks (ACH/EFT transactions).

ADVANTAGES...

- Flexible Solutions
- Personal Service
- Industry Certified
- Reliable and Mature Technology
- Enhanced Risk Management Features
- Level II and III Processing Capabilities

WHO WE ARE...

- A managed service provider for real-time transaction and payment processing.
- A resource for reducing costs and freeing assets invested in payment processing initiatives.
- A service-conscious company that remembers customers are the only reason we exist.

WHAT WE DO...

- Securely process \$\$\$ millions in payment transactions daily.
- Offer a robust suite of electronic payment choices, including order management and on-line invoice payments.
- Minimize risk through advanced fraud detection and buyer authentication services.

HOW WE'VE HELPED...

- Gateway services saved over \$500,000 annually for a world-class e-business.
- Outsourcing enabled an electronic publisher to avoid a \$100,000+ investment in software.
